Dear Scott,

Your check was delivered a moment ago, just as you promised. For me it's weird to realize that nightmare is actually over. Thanks to you the outcome really was excellent.

I just wanted to let you know I have enjoyed knowing and working with you these past few years. Without your help it would never have happened. So, thank you Scott. For your hard work, determination and for believing in my case. Despite the fact this was a business matter I still have a strong belief in karma and the part it played here.

I too wish the best for your future and hope many wonderful things come your way. I'll never forget you. Thanks again, for everything.

Sincerely,

Terri

PS Don't forget to list me on the website. I'll be watching.....
